

# Waqar-e-amal

After Waqar-e-amal, our Mosque was looking newer and cleaner as ever! We moved the big cabinet that was inside the children's room to the kitchen. That sure made a difference! Also, we built a rack to hang our coats in the kids room where the big cabinet used to be. Other than that, we vacuumed, mopped, washed, and soon after that our Mosque was shining! :)

If you enjoyed reading your Lajna newsletter and wished that you should have attended some of the activities, we want you to know we missed you, Insha Allah there are plenty of activities for all age groups scheduled in coming months. Hope to see you then!
